

Direct Connect Application Removal Instructions

Prior to installing the SCRAMX version of the Direct Connect application, the previous version **MUST** be removed. Follow these instructions to complete the removal.

Removal Instructions

To uninstall the Direct Connect application:

1. Navigate to the Add or Remove Programs window.
Start → Control Panel → Add or Remove Programs
The Add or Remove Programs window appears.
2. Click on the **Direct Connect** application.
3. Click the **Change/Remove** button.
A Remove window appears.
4. Click the **OK** button.
The application is removed.
